21ST ANNUAL MORTON A. BOSNIAK CT/MRI: **Head to Toe**

A Three-Part Conference:

Neuroradiology	December 16–17
Body Imaging	December 18–20
Screening Symposium*	December 21

*Brand-New
for this
Conference

Great Time to Holiday Gift Shop in the City!

at the Hilton New York
Monday–Saturday, December 16–21, 2002

Head to Toe Overview

Target Audience

The CT/MRI: Head to Toe Course is intended primarily for practicing clinical radiologists and senior residents in radiology.

Course Description

This is the 21st Annual CT/MRI: Head to Toe Course named in honor of Dr. Morton A. Bosniak, who served as the spirit and Course Director for the first 18 years.

Rapid advances in CT and MRI and increasing demands mandate that radiologists become aware of new information and continue to update their skills. This course will introduce new concepts in CT/MR applications, techniques, and interpretation principles. It will also upgrade the participants' knowledge of the specialty, reinforce information already available, and discuss practice patterns so that radiologists can improve the quality of patient care. The name of the course, "CT/MRI: Head to Toe", is an accurate description of the intent of this symposium—to cover recent advances and recently acquired knowledge in imaging of all parts of the body. The course is designed to offer an intense and complete educational experience and to cover as much material as possible.

Course Format and Expected Outcomes

The program is divided into three parts, which can be taken independently or consecutively. Workshops are offered Monday through Friday in the afternoons.

Part 1: Neuroradiology: Head & Neck, Spine and Brain CT and MRI

(Monday and Tuesday)

Part 2: Body: Abdomen/Pelvis, Chest and Musculoskeletal CT/MRI

(Wednesday through Friday)

Course participants should gain further knowledge and ability to perform CT and MRI examinations to optimize and maximize the equipment that is at their disposal as well as to increase their ability to diagnose disease of all portions of the body.

Ample time is available for questions both in the lecture format as well as during the workshops. Attendees are encouraged to approach faculty members for personal discussion of issues as well as questions for the entire group.

The choice of subjects covered in this course was greatly influenced by participant evaluations from previous courses, recent literature, and the experience of the faculty.

Part 3: Screening Symposium

(Saturday)

Screening for diseases using Radiological technology has exploded across the country. Radiologists are tempted to open or partner in screening centers where an apparent low overhead examination, reimbursed for cash, can become a great source of revenue to practices. However, there are controversial issues surrounding the proper utilization of screening, best standards of practice, understanding and interpreting results, not to mention controversies swirling around the entire scientific basis of screening programs. This focused seminar will highlight areas of major focus in screening both today and for the future.

By the end of the session the participant will:

1. Understand what constitutes an "ideal" screening examination and be able to understand the inherent biases associated with screening.
2. Understand the proper techniques and utilization of cross sectional imaging in cardiac disease, lung cancer, neurological disease and colorectal cancer.
3. Become aware of operational and reimbursement issues involved in the delivery of screening services to the public and referring clinicians.
4. Be introduced to computer-aided diagnosis and other innovative tools in development which would facilitate screening diagnosis.

Workshop Offerings and their Educational Objectives

The course consists of both lectures and workshops. The lectures address subjects that are critical for contemporary day-to-day practice. Each attendee will be able to select a total of 10 workshops offered Monday through Friday; this will enable smaller group discussions and increase opportunity for questions and dialogue between the faculty and course participants. The workshops include subjects presented in the main lectures plus other topics so that attendees can customize their educational experience.

Visiting MRI Fellowships

Week-long Visiting MRI Fellowships are available to radiologists who desire to update their MRI interpretive skills, tailored to specific needs. These are available by arrangement for one or two weeks. For more information, please call (212) 263-6937.

Participating Faculty

CT/MRI:

Program Director

Jeffrey C. Weinreb, M.D., FACR

Associate Program Directors

Edmond A. Knopp, M.D.

Glenn A. Krinsky, M.D.

Alec J. Megibow, M.D., M.P.H., FACR

David P. Naidich, M.D.

Mahvash Rafii, M.D.

Guest Faculty

Javier Beltran, M.D.

Chairman, Department of Radiology
Maimonides Medical Center
Brooklyn, New York

Murray K. Dalinka, M.D.

Professor of Radiology
University of Pennsylvania School of Medicine
Chief, Musculoskeletal Section
University of Pennsylvania Medical Center
Philadelphia, Pennsylvania

Jeffrey R. Galvin, M.D.

Chief, Chest and Mediastinal Imaging
Air Force Institute of Pathology
Clinical Professor
Department of Radiology
University of Maryland
Baltimore, Maryland

Michael H. Lev, M.D.

Assistant Professor of Radiology
Harvard Medical School
Director, Neurovascular Lab and
Emergency Neuroradiology
The Massachusetts General Hospital
Boston, Massachusetts

David M. Yousem, M.D.

Professor of Radiology
Director of Neuroradiology
The Johns Hopkins Medical Institution
Baltimore, Maryland

NYU Adjunct Faculty

Sandra L. Moore, M.D.

Clinical Professor of Radiology
Mount Sinai School of Medicine

David J. Panasci, M.D.

Staff Radiologist
Suffolk Radiology Associates
Smithtown, New York
Adjunct Clinical Assistant Professor of Radiology
NYU School of Medicine

Deborah L. Reede, M.D.

Associate Professor of Clinical Radiology
SUNY Health Sciences Center at Brooklyn
Adjunct Associate Professor of Radiology
NYU School of Medicine

Peter M. Som, M.D.

Professor of Radiology & Otolaryngology
Mount Sinai School of Medicine
Adjunct Professor of Radiology
NYU School of Medicine

NYU Faculty

Leon Axel, Ph.D., M.D.

Professor of Radiology
Director of Cardiac Imaging

Genevieve L. Bennett, M.D.

Assistant Professor of Radiology
Chief, Women's Imaging Section

Bernard A. Birnbaum, M.D.

Professor of Radiology
Vice Chair, Clinical Affairs and Operations

Susan L. Campeas, M.D.

Assistant Professor of Radiology

Nancy R. Fefferman, M.D.

Assistant Professor of Radiology

Ajax E. George, M.D.

Professor of Radiology

Cornelia N. Golimbu, M.D.

Clinical Professor of Radiology

Robert I. Grossman, M.D.

Louis Marx Professor and Chairman,
Department of Radiology

Gwendolyn C. Hotson, M.D.

Associate Professor of Radiology

Gary M. Israel, M.D.

Assistant Professor of Radiology

Jill E. Jacobs, M.D.

Associate Professor of Radiology

Glyn Johnson, Ph.D.

Research Associate Professor of Radiology

John D. Klug, M.D.

Assistant Professor of Radiology

Edmond A. Knopp, M.D.

Associate Professor of Radiology
and Neurosurgery
Director, Neuro MRI & MRI Education

Jane P. Ko, M.D.

Assistant Professor of Radiology

Glenn A. Krinsky, M.D.

Associate Professor of Radiology
Chief, Abdominal Section

Meng Law, M.D.

Assistant Professor of Radiology

Jane A. Lee, M.D.

Clinical Instructor of Radiology

Vivian S. Lee, M.D., Ph.D.

Associate Professor of Radiology

Barry S. Leitman, M.D.

Clinical Associate Professor of Radiology

Andrew W. Litt, M.D.

Associate Professor of Radiology
Vice Chair, Financial Affairs

Michael Macari, M.D.

Assistant Professor of Radiology

Jennifer M. Martino, M.D.

Assistant Professor of Radiology

Georgeann McGuinness, M.D.

Associate Professor of Radiology
Co-Chief, Chest Section

Alec J. Megibow, M.D., M.P.H., FACR

Professor of Radiology
Vice Chair, Education

Ms. Linda Michaels

Clinical Coordinator

David P. Naidich, M.D.

Professor of Radiology and Medicine
Co-Chief, Chest Section

George Nomikos, M.D.

Assistant Professor of Radiology

Annette O. Nusbaum, M.D.

Assistant Professor of Radiology

Bidyut K. Pramanik, M.D.

Assistant Professor of Radiology

John C. Quintas, M.D.

Assistant Professor of Radiology

Mahvash Rafii, M.D.

Professor of Radiology
Director, Hospital for Joint Disease

Kevin J. Roche, M.D.

Assistant Professor of Radiology
Section Chief, Pediatrics

Zehava S. Rosenberg, M.D.

Professor of Radiology

Ami N. Rubinowitz, M.D.

Assistant Professor of Radiology

Deborah R. Shatzkes, M.D.

Assistant Professor of Radiology

Chrystia M. Slywotzky, M.D.

Assistant Professor of Radiology

Beverly A. Thornhill, M.D.

Assistant Professor of Radiology

Danko V. Vidovich, M.D.

Assistant Professor of Radiology

Jeffrey C. Weinreb, M.D., FACR

Professor of Radiology
Section Chief, MRI

Stanley Yang, M.D.

Clinical Instructor of Radiology

Joseph M. Yee, M.D.

Clinical Associate Professor of Radiology

General Information

Location

Hilton New York
1335 Avenue of the Americas
(53rd to 54th Streets)
New York, New York
Telephone: (212) 586-7000
Fax: (212) 315-1374
www.newyorktowers.hilton.com
Reservations: 1-800-HILTONS
Group Name: New York University
Medical Center

Hilton New York

Many of you reading this brochure have certainly stayed at the Hilton New York when visiting the city. It has recently completed a sweeping \$85 million renovation and redesign. We think you will be pleased with the results which include, among other things, two new restaurants and bars, a Fitness Club and Spa, expanded lobby and new façade. The Hilton New York offers a great location during the holiday season... right at Rockefeller Center, steps from Broadway theaters and Times Square, Central Park, and a block from Fifth Avenue.

Hotel Rates and Reservations

Hilton New York

*(Deadline of Nov. 14, 2002
for Room Reservations)*

A block of rooms at special group rates of **\$184 (single or double)** are available at the Hilton New York up to 4 weeks before the course start date. Please be advised that hotel reservations should be made very, very early as hotel rooms in New York City during the holiday season are difficult to secure. The hotel cancellation policy permits you to cancel up to 72 hours in advance so the organizers recommend that you reserve your room NOW to avoid disappointment.

Our room block begins on Saturday, December 14th and concludes on Saturday, December 21st to give you extra days to enjoy a weekend in New York during the holiday season.

To make your hotel reservations, call the Hilton New York and identify yourself as part of the New York University Medical Center group.

Registration Refund Policy

Cancellations must be made in writing by December 1 and are subject to a \$75 service administrative charge. Cancellations necessary after December 1 are subject to a \$150 service charge but the balance of tuition may be applied toward next year's course.

You may enroll for the entire 5½ days of this meeting or individually for Part I, Part II or Part III. See the Registration Form at the back of this brochure for details.

Special Discounted Airfares

Discounted airfares have been negotiated on American Airlines. Save between 10–40% based on your dates of travel and availability at the time of booking. **You do not have to stay over a Saturday night to receive a discounted fare!** Call American Airlines at 1-800-433-1790 and refer to Star #22D2AF or call Corporate Travel Planners at 1-800-810-2695 and refer to NYU Radiology. Hours of operation are 8:30 a.m.–5:30 p.m. Central Time Monday through Friday. A confirmed flight itinerary, airfare (including a \$35 service fee) and booking policies will be e-mailed or faxed for approval prior to ticketing.

Accreditation

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The NYU Post-Graduate Medical School designates that these continuing medical education activities meet the criteria for credit hours in Category I of the Physician's Recognition Award of the American Medical Association.

PART I: NEURORADIOLOGY • 15 AMA credit hours
PART II: BODY IMAGING • 21.5 AMA credit hours
PART III: SCREENING • 4 AMA credit hours
TOTAL COURSE • 40.5 AMA credit hours

Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME Standards regarding commercial support of continuing medical education. Disclosure of any commercial relationships as well as off-label or investigational use of any drug, device or procedure by the faculty, will be made known at the course.

Acknowledgements

The organizers gratefully acknowledge the educational support received from the following organization for this program:

SIEMENS MEDICAL SOLUTIONS, INC.

- 1:45 **UPDATE ON CARDIAC MRI**
Dr. Vivian S. Lee
- 2:20 **MULTIDETECTOR ABDOMINAL CTA**
Dr. Michael Macari
- 3:00 **Coffee Break**
- 3:15 **Workshop #7**
- A PRACTICAL CARDIAC MRI**
Dr. Leon Axel
 - B MULTIDETECTOR CT PROTOCOLS
AND APPLICATIONS**
Dr. Michael Macari
 - C HOT TOPICS IN GYNECOLOGICAL
IMAGING**
Dr. Genevieve L. Bennett
 - D IMAGING OF THE CIRRHOTIC LIVER**
Dr. Glenn A. Krinsky
 - E INTERESTING US CASES WITH
CT/MRI CORRELATION**
Drs. Christia M. Slywotsky &
Joseph M. Yee
 - F PEARLS AND PITFALLS OF
ABDOMINAL MRI**
Dr. Vivian S. Lee
- 4:15 **Workshop #8**
*Workshop #8 is a repeat of these
workshops and takes place at 4:15 p.m.*
- 5:15 **Adjourn**

Friday, December 20

- Musculoskeletal**
- 7:30 **Continental Breakfast**
- 8:00 **MRI OF THE KNEE: MENISCI AND PITFALLS**
Dr. Murray K. Dalinka
- 8:30 **MRI OF THE KNEE: LIGAMENTS**
Dr. Javier Beltran
- 9:00 **MRI OF MUSCLE INJURY**
Dr. Murray K. Dalinka
- 9:30 **UPDATE ON MRI AND CT OF THE WRIST**
Dr. Cornelia N. Golimbu
- 10:10 **Coffee Break**
- 10:30 **MRI OF THE SHOULDER: AN OVERVIEW**
Dr. Mahvash Rafii
- 11:10 **MRI OF THE ANKLE:
TENDONS AND LIGAMENTS**
Dr. Zahava S. Rosenberg
- 11:45 **MRI OF THE HIP**
Dr. Murray K. Dalinka
- 12:10 **Questions and Discussion**
- 12:30 **Lunch** (on your own)
- 2:00 **Workshop #9**
- A MRI OF THE SHOULDER**
Dr. Mahvash Rafii
 - B MRI OF THE WRIST**
Dr. Cornelia N. Golimbu
 - C MRI OF THE ANKLE**
Dr. John D. Klug
 - D IODINATED CONTRAST MATERIAL:
RISK, ASSESSMENT, REACTIONS,
AND TREATMENT**
Dr. Michael Macari
 - E CT IMAGING OF ACUTE PANCREATITIS**
Dr. Jill E. Jacobs
 - F CT OF THE GI TRACT: TECHNIQUE
AND PRINCIPLES OF
INTERPRETATION**
Dr. Bernard A. Birnbaum
- 3:00 **Workshop #10**
- A KNEE CASES**
Dr. Sandra L. Moore
 - B MUSCULOSKELETAL CASE
PRESENTATION**
Drs. Beverly A. Thornhill &
Susan L. Campeas
 - C MUSCULOSKELETAL TUMORS**
Dr. George Nomikos
- Sessions D, E and F are the same as
Workshop #9.*
- 4:00 **Adjourn**

Part 3 Screening Present and Future

Saturday, December 21

- 7:15 **Registration for Part 3 and
Continental Breakfast**
- 8:00 **PRINCIPLES OF MEDICAL SCREENING**
Dr. Alec J. Megibow
- 8:25 **SCREENING FOR CARDIOVASCULAR DISEASE**
Dr. Vivian S. Lee
- 8:50 **SCREENING FOR NEUROLOGICAL DISEASE**
Dr. Andrew W. Litt
- 9:15 **LUNG CANCER SCREENING**
Dr. David P. Naidich
- 9:55 **Coffee Break**
- 10:15 **CT COLONOGRAPHY**
Dr. Michael Macari
- 11:00 **PANEL DISCUSSION:
OPERATIONAL ISSUES IN SCREENING**
Drs. Naidich, Litt, Macari, Linda Michaels
- 12:00 **Questions and Discussion**
- 12:15 **Final Adjournment and
Program Evaluation**
