The Icefield Parkway Glacier Tour (with boxed lunch)

8:30am–6:00pm

Adult -- \$159; Child (6-15) -- \$81

What's the most unforgettable tour in the Canadian Rockies? A scenic day spent exploring the highest road in Canada - the Icefields Parkway. On this journey, witness the evidence left behind by many ice ages - icy blue glaciers that cling to the face of several majestic mountains. We will stop at Peyto Lake and Bridal Falls, however, the highlight of this day is a visit to the Athabasca Glacier which seeps down from the central core of the Columbia Icefield. Board a specially designed Ice Explorer and ride up onto the glacier, passing an ancient forest and spectacular viewpoints. Then, step out on to this glacier, which is the largest accumulation of ice south of the Arctic, and christen the moment with a sip of the cold glacier water that flows through narrow crevasses. Lunch will be served as a gourmet packed lunch during our return stop at a beautiful and secluded picnic area. On the return, be on the lookout for wildlife including elk, moose, bighorn sheep, black bear and coyote! Capture some memorable photos when we make return stops at the Crowfoot Glacier and Bow Lake. Your guests will be talking about this day for months to come!

INCLUDES: All transportation, Discover Guide, Icefields Explorer Vehicle tour, gourmet packed lunch and all gratuities.
