

MEDICATION STUDY FOR CIGARETTE SMOKERS

We are studying investigational medications in cigarette smokers. If you are a regular smoker, and are in good health, you may qualify to participate.

This study involves:

- Background interviews and a physical exam
- Two weeks of study medication
- Testing in a clinical laboratory
- Measurement of blood chemicals
- Compensation for time and travel

All study procedures take place at the NYU
School of Medicine/
V.A. New York Harbor Healthcare System,
Manhattan Campus at 1st Ave and 23rd St.
