

**New York University School of  
Medicine  
Orientation Evaluation**

---

- 1. I feel more prepared to start the clerkships than I did prior to the Orientation.**
- 2. The Orientation was useful.**
- 3. The orientation helped to reduce my anxieties about beginning the Clerkships.**
- 4. The Orientation was well organized.**
- 5. The Orientation was an enjoyable educational experience.**

**Please rate each of the sessions:**

**The ACLS Modules**

- 6. Educational Value**
- 7. I feel more ready to participate as part of a team in ACLS than I did prior to the session.**

**The Differential Diagnosis Session**

- 8. Educational Value**
- 9. Please rate your overall satisfaction with Differential Diagnosis Session.**
- 10. The session illustrated the thought process for developing a differential diagnosis.**

**11. The session provided me with useful tips in approaching the differential diagnosis in my clerkships.**

**12. The session was sufficiently interactive.**

## **Oral Presentation Skills**

**13. Educational Value**

**14. This session helped me to be more confident in my ability to present a case during my Clerkships.**

**15. The session provided a good overview of the oral presentation including useful tips.**

## **Library Skills Session**

**16. Educational Value**

**17. I feel more comfortable in searching for appropriate articles on diagnostic tests than I did prior to the session.**

**18. I know more about how to search for articles on diagnostic tests than I did prior to the session.**

## **The EKG Workshop**

**19. Educational Value**

**20. I feel more able to systematically approach an EKG than I did prior to the session.**

## **The Arterial Blood Gas (ABG) Workshop**

**21. Educational Value**

**22. I have a better understanding of the ABG values.**

## **Informed Consent Session**

### **23.Educational Value**

**24.The session helped me feel more comfortable about my ability to obtain an informed consent from a patient.**

**25.I have a better understanding of the components of informed consent as a result of the session.**

## **The Fundoscopic Exam**

### **26.Educational Value**

**27.I feel more comfortable using an ophthalmoscope than I did prior to the session.**

**28.I was able to see the fundus.**

**29.I feel I will be able to do the fundoscopic exam on a patient independently.**

## **The ENT Exam**

### **30.Educational Value**

**31.I feel more comfortable using an otoscope than I did prior to the session.**

**32.I was able to see and identify the normal landmarks in the ear.**

**33.I feel I will be able to do an otoscopic exam on a patient independently.**

## **The Venipuncture**

### **34.Educational Value**

**35.I feel more comfortable doing a venipuncture than I did prior to the session.**

**36. I feel I will be able to do a venipuncture on a patient independently.**

## **The Infection Control Session**

**37. Educational Value**

**38. The presentation segment reinforced key infection control techniques/procedures.**

**39. The discussion of questions and answers reinforced key infection control techniques/ procedures.**

**40. I have a better understanding of infection control procedures than I did prior to the session.**

**41. The Audience Response System gave me useful immediate feedback about my knowledge of Infection Control procedures.**

## **The Radiology Session**

**42. Educational Value**

**43. I feel more competent to systematically approach an X-ray than I did prior to the session.**

**44. I feel more competent to systematically approach a chest film (X-Ray) than I did prior to the session.**

## **The Professionalism Session**

**45. Educational Value**

**46. The session reinforced the expectation of me to behave professionally.**

**47. This session helped me understand more about what constitutes professional behavior.**

**48. The session reinforced my personal responsibility for behaving professionally.**

**49. It was important to have time to discuss these issues with my peers.**

**50. The small group facilitator created an environment that allowed for open and honest discussion of the issues.**

## **Helpful Hints Student Panel Discussion**

**51. Educational Value**

**52. This panel helped to make me feel more comfortable in knowing what to expect in the clinical years.**

**53. I have a better understanding of how to write a SOAP note.**

## **Hospital Tours**

**54. The tours of the hospital were helpful**

**55. Please comment on your experiences in the Orientation (strengths, weaknesses, suggestions).**
