Did you know...

Since August 2008, we have had “Coffee with Keith” every Friday excluding holidays. That’s 3,672 donuts, 180 muffins and 2,240 cups of coffee served to our postdocs! Come down and continue this tradition on Fridays from 10-11am at the Smilow Cafe. It’s a great way to meet your fellow colleagues and the Postdoctoral Affairs team.

Courses
Course requires registration.

Business of Science
Weekends, February 11-12th, 10-6pm and February 25-26th, 10-6pm Smilow Multi-purpose Room Course fee: $60
Back by popular demand, the Business of Science is back! With the shift in the available jobs moving beyond academia to industry, non-profit organizations and other non-academic settings, understanding the skills necessary to compete and succeed in these settings is critical. Communications, performance management, team building are critical skills in order to be competitive outside academia. This certificate program introduces the key competencies that are valued by hiring organizations for entry-level positions, and essential for career success.
