Technique VII: Psychoanalytic Listening

PSA – 1st Year
Winter 2013-14
11:30 A.M – 12:50 P.M.

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Psychoanalytic Association and the Institute for Psychoanalytic Education. The American Psychoanalytic Association is accredited by the ACCME to provide continuing medical education for physicians.

The American Psychoanalytic Association designates this Live Activity for a maximum of 1 AMA PRA Category 1 Credit™ per hour of instruction. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Important Disclosure Information For All Learners: None of the planners and presenters of this CME program have any relevant financial relationships to disclose.

Beginning with Freud’s 1913 recommendation that the analyst ‘should simply listen, and not bother about whether he is keeping anything in mind,” we will consider the development of the concept of “analytic listening” as it has been elaborated and influenced by theoretical and technical changes in clinical theory over the last century. We will try to bring in as much clinical data as possible to clarify and exemplify various technical concepts which will emerge from the readings.

Note: Required Readings are in bold type. Also, optional readings that are not on P.E.P. will not be provided by the office.

* = Available on P.E.P. and will not be provided to you by Institute office
