

## Rusk Institute Rehabilitation Network

With the recent expansion of the Rusk Institute Rehabilitation Network, the world-renowned Rusk Institute is proud to offer a continuum of services including acute, subacute, and outpatient rehabilitation. The Rusk Institute has a long tradition of delivering superior care through each phase of recovery with a comprehensive multidisciplinary team approach. Subacute rehabilitation at the seven affiliated skilled nursing facilities extends the excellence and continuity of care associated with the Rusk Institute's acute inpatient and outpatient programs at the NYU Medical Center campus and the NYU Hospital for Joint Diseases.
