THURSDAY, OCTOBER 31
PLENARY SESSION
7:30 am Registration and Continental Breakfast
8:00 Welcome from the Division Chief
David S. Feldman, MD
8:05 Introduction and Course Objectives
Norman Y. Otsuka, MD
8:15 Evidence-Based Medicine - How Did We Get Here? How Reliable Is the Evidence in the Medical Literature?
Michael D. Sussman, MD
9:15 The Role of the Pediatric Orthopaedist in a Multi-disciplinary Team in Delivering Care to Children with Cerebral Palsy
David H. Godfried, MD
9:45 Upper Extremity Issues in Children with CP
Alice Chu, MD
10:15 Coffee Break
10:30 Spine Issues in Cerebral Palsy
David S. Feldman, MD
11:00 Making Children with Cerebral Palsy “Walk” “Better”
Norman Y. Otsuka, MD
11:30 An Update on Cord Blood Transplantation and Banking
Joanne Kurtzberg, MD
12:15 Lunch
1:15 Are You Sure It Is CP?
Mary Lynn Chu, MD
2:15 Wallace B. Lehman Keynote Lecture: New Paradigms in Equinus Management
Beverly Cusick, PT, MC, CDF
3:45 Coffee Break
4:00 Young Adults with CP and Parenting
Joan T. Gold, MD
4:45 pm Adjourn

DINNER LECTURES (Additional Charge)
5:00 pm Dinner Registration/Networking Social
5:20 Dinner Served/Lectures Begin
Are We Capable of Using Evidence in a Rational Fashion for Decision Making?
Michael D. Sussman, MD
Using Cord Blood to Treat Acquired Brain Injuries in Childhood
Joanne Kurtzberg, MD
Bringing Upstreamism into Cerebral Palsy Rehabilitation
Beverly Cusick, PT, MC, CDF
8:00 pm Adjourn

FRIDAY, NOVEMBER 1
PLENARY SESSION
7:30 am Registration and Continental Breakfast
8:00 Osteopenia and Osteoporosis in Children with Cerebral Palsy
Patricia Poitevien, MD
9:00 Transition Project in Center for Children
Michelle M. Romano-Shami, LCSW
10:00 Coffee Break
10:15 Case Presentations
Facilitator: Alfred D. Grant, MD
12:15 Lunch
1:15 Are You Sure It Is CP?
Mary Lynn Chu, MD
2:15 Wallace B. Lehman Keynote Lecture: New Paradigms in Equinus Management
Beverly Cusick, PT, MC, CDF
3:45 Coffee Break
4:00 Case Presentations
Facilitator: Alfred D. Grant, MD
4:45 pm Adjourn

Course Description
This one and a half day course will focus on a number of areas of concern for physiatrists, orthopaedic surgeons, pediatricians, neurologists, pediatric physical and occupational therapists, nurses, and social workers involved in the treatment of patients with Cerebral Palsy (CP). There have been a number of advancements in both the surgical and non-surgical therapeutic treatment for CP. Thus, life expectancy for patients with CP has risen in the last 40 years. The data on evidence-based treatment options are overwhelming. The course will discuss the current evidence in delivering care to children and adults with CP, including interventions to promote participation, learning, life skills and independence. It will also instruct on various methods to administer and collect global outcomes measures as well as how web-based and mobile technology can be utilized as therapeutic intervention.

Target Audience
• Physicians who may diagnose and/or treat Cerebral Palsy e.g. pediatricians, primary care physicians, neurologists, general orthopaedists, etc.
• Allied health professionals who may diagnose and/or treat Cerebral Palsy e.g. physical, occupational, and speech therapists, social workers, nurses, patient advocates, etc.

NYU School of Medicine
NYU Langone Medical Center
What’s Hot in Evidence-Based Practices in Cerebral Palsy

Current Understanding and Future Directions for Innovative Care
October 31 - November 1, 2013

Course Directors
Eduardo Del Rosario, FNP
