

NYU Langone Small Instrument Fleet Acknowledgment Policies

Dear Small Instrument Fleet (SIF) Users:

According to the NYU Langone policy, it is mandatory that you acknowledge the Small Instrument Fleet instrumentation at NYU Langone Health in all publications and grant applications if you are using equipment, services, expertise, and data generated at the SIF. Authorship should be considered when SIF members are involved in significantly developing the experimental design or contribute to the publication content by advancing it to publishable form. Please send us the PDF file of your publications and let us know if the grant is awarded. This will enable us to demonstrate our involvement in the research of a large number of laboratories at the university, aiding the procurement of future equipment for the Small Instrument Fleet.

Please acknowledge the scientific contributions of the SIF on any publication resulting from the use of this laboratory. Additionally, all publications resulting from the use of this facility are required to abide by the NIH Public Access Policy and be deposited into *PubMed Central*.

Our SIF remains committed to do our best to meet your service expectations. If you have any questions, please do not hesitate to contact me.

Sincerely,
Inga Duignan

Please sign to acknowledge that you have read and understand the above policy and return to Sifsupport@nyulangone.org

Acknowledgments: We thank the Small Instrument Fleet of New York University (NYULMC) for the use of _____.
